正	 The diagram shows a street intersection. A vertical street runs through the center, and a horizontal street crosses it. The vertical street is labeled with '15-019' on both sides. The horizontal street is labeled with '15-019' on both sides. A circled area in the center of the intersection contains the value '249'. Other values shown include '224', '184', '231', '26', '27', '15', '25', and '40'.
誤	 The diagram shows the same street intersection as the 'Correct' version. However, the circled area in the center of the intersection contains the value '267' instead of '249'. All other labels and values are identical to the 'Correct' version.
